

README

Phase 1 –

This is the Data cleaning and EDA phase.

Present in 50419520_Phase1 folder – Contains the datasets named 2008.csv, 2007.csv and 50419520_Phase1.ipynb python notebook file and 50419520_Phase1_report.pdf

50419520_Phase1.ipynb is in a python jupyter notebook format, with multiple code cells each code cell has comments for each piece of code.

Phase 2 –

This is the model implementation phase.

Present in 50419520_Phase2 folder – Contains the datasets named 2008.csv and 50419520_Phase2.ipynb python notebook file and 50419520_Phase2_report.pdf

50419520_Phase2.ipynb is in a python jupyter notebook format, with multiple code cells each code cell has comments for each piece of code.

Phase 3 –

This is the model implementation phase.

Present in 50419520_Phase3 folder – Contains the datasets named 2008.csv and app.py, Input.py , readme.py python scripts and 50419520_Phase3_report.pdf with a 50419520_Phase3_Video.mov for the demo.
